

High Risk Incidents!

January 11, 2023
League City, TX

**American
Emergency
Preparedness**

This dispatch specific class was built to help dispatch centers to prepare for high-risk events, and to share critical skills for call takers, dispatchers, and trainers for events that are a risk to either responders or communities.

AEP Instructors and researchers have taken the time to take an in-depth look at Line of Duty Deaths for Law Enforcement events and LODD for Fire and EMS responders at Law related calls. We then share the vital lessons learned from a communications perspective. We use a mix of lecture, video, audiotape review and the AEP style of education to drive the lessons home to your 9-1-1 and Emergency Communications professionals! We share the most current events and "lessons learned" from around the nation. We are very proud to have the best customer agencies in the nation so we can tell you the real story and prepare you to handle an event in your area.

This is a great class that includes all of the event types listed below:

- Responder Ambush Events
- Warrant and Search Warrants
- Domestic Violence and Family Violence
- High Risk/Felony Traffic Stops
- Business and Home Robberies
- Vehicle Pursuits - How to Make them SAFER!
- Case Studies of events with a positive outcome
- Suspicious Vehicles
